Gate Valve Backflow Control Reimbursement Program

For Customers of the Mahoning County Sanitary Engineering Department

What is the Gate Valve Backflow Control Program?

In 2019, Mahoning County Commissioners updated the program to include increases for reimbursements to property owners. Property owners are required to install the **gate valve device** and remove any clear water source (footer drains, downspouts) from the sanitary sewer. In some cases the work involves the installation of a sump pump. Eligible property owners may receive up to \$3,600.00 for this work.

Who is Eligible to Participate in the Program?

If your sanitary sewer service is provided by the Mahoning County Sanitary Engineering Department you are eligible to participate in the program. If you are not sure if you are a customer of the Mahoning County Sanitary Engineering Department, contact the Business Office at 330-793-5514, Monday through Friday, 8 AM to 3:00 PM.

I meet the eligibility requirements now what?

Mahoning County Sanitary Engineering Department customers should contact the Business Office at 330-793-5514 ext. 8238 or 8206 and obtain further documentation and review all requirements of the program prior to any work being complete.
