

**RESOLUTION
OF THE
MAHONING COUNTY GENERAL HEALTH DISTRICT
BOARD OF HEALTH
DECLARING THAT UNSANITARY CONDITIONS EXIST
WITHIN THE JURISDICTION OF THE DISTRICT**

WHEREAS; the District Board of Health has monitored and documented a continuous water pollution problem and a human health risk in the Pineview Drive area of Austintown Township; and

WHEREAS; a public health nuisance shall be deemed to exist when water samples exceed five thousand fecal coliform counts per one hundred milliliters in more two or more samples when five or fewer samples are collected or in more than twenty percent when more than five samples are taken; when flow is representative of steady state dry weather conditions; when the samples are collected at least two hours apart; and when the samples are collected over a time period not to exceed thirty days. (Ohio Administrative Code Section 3745-1-04); and

WHEREAS; fecal coliform bacteria counts ranged from 5,900 to >20,000 per one hundred milliliters in all three samples (100%) that were collected at locations from storm sewers from two locations on Ohltown Road on August 14 and 21, 2012; and

WHEREAS; pursuant to Ohio Revised Code Section 6117.34, upon complaint from a board of health to the Environmental Protection Agency that unsanitary condition exist in a county, the Director of Environmental Protection shall forthwith inquire into and investigate the conditions which are the basis for such complaint.

NOW, THEREFORE, BE IT RESOLVED that pursuant to Section 6117.34 of the Ohio Revised Code, the District Board of Health hereby makes complaint to the Ohio Environmental Protection Agency of the above-described unsanitary condition.

ADOPTED by the Board of Health of the Mahoning County General Health District this 31st day of July, 2013.

DISTRICT BOARD OF HEALTH
