Mahoning County Medical Reserve Corps (MRC) and Ohio COVID-19 Vaccination Program

The need for personnel to support the COVID-19 vaccination response is continuing to increase. Non-medical as well as medically licensed professionals from various disciplines are being called upon to help fill that need. Specifically preparing to have enough professionals who can assist with vaccinations will be critical to ensure everyone who wants the vaccine can receive it as the phases continue.

Medical Reserve Corp

Volunteers with various medical licenses who are actively practicing or are retired with an active license are highly encouraged to support response efforts by signing up for the Mahoning County Medical Reserve Corps. Non-medical adult volunteers are needed to assist and can sign up also. To join, visit www.ohioresponds.odh.ohio.gov. (see attached flyer). Interested persons who live in a county that does not have an MRC unit may elect to register in a neighboring county.

COVID-19 Vaccination Program

Medical providers can enroll to participate in the COVID-19 Vaccination Program. Any facility licensed by the Ohio Board of Pharmacy to administer or provide vaccination services is eligible to enroll as a potential COVID-19 Provider. More information can be found at the following link:

<https://odh.ohio.gov/wps/portal/gov/odh/know-our-programs/covid-19-vaccine-provider/ohio-covid-19-provider-enrollment>
